This fight will undoubtedly be one of the This fight will undoubtedly be one of the most victous that has ever taken place between two little fellows. There is much at stake for both and as they hate each other there will be little sidestepping. If Nelson wins he will have whipped every man who has stood in his way to dispute his claim to the championship. He has already beaten Herrera, but the decision was given after twenty rounds of hard milling. If he again wins over the Mexican it will be settled that no man in Nelson's class can beat him. He is the tavorit in betting, and it is certain that if his friends lose money on the bout it will not be because he did not do his best. He never fails to do that. He is always in splendid condition. One day this week he ran 14 miles and finished up with atrenuous work in the gymnasium. He did not seem to tire in the least.

Herrera has worked mightly hard for this fight. He expects to beat Nelson by means of his famous right hand knockout punch. Can he do it? Is he any better than when Nelson to at him at Butte? Can he stand the grueiling the Dane will surely give him? The last two questions can be answered in the negative. But that wallep; It is dangerous, it produces slumber. If it lands a time or two there is likely to be a new champion tomorrow night, Following is what Otto Flote says about the fight:

There may be a new American lightweight champion after May 25, but the lindications are that there will not, On the other is dications are that there will not, On May Ware.

Following is what Otto Flote says about the fight:

There may be a new American lightweight champion after May 25, but the indications are that there will not. On May 25 Battling Nelson, the present champion, will meet his old rival. Aurelio Herrera, the Mexican, in a twenty round battle at Los Angeles, Cai. There has been much talk of late about Herrera wanting to fight winner take all, but that is pretty much bunk. Neither one is anxious to take such chances and they will be fighting for a good winner's and loser's end when the fight comes off. Herrera and Nelson met at Butte, Mont., Sept. 5, 194, and the Battler won after twenty rounds of hard fighting. Herrera, however, put up a terrific battle and showed that he had the speed and endurance to go the distance. Since that time, however, the Mexican has not taken the care of himself that Nelson has and that will count heavily in the coming battle. Another thing, Herrera injured his right hand quits badly when east the last time and it has nover been the same since. He used to have the knockout punch in it, but ap parently since that time he has been unable to put his opponents to sleep with it. Condition is everything in a contest, of that kind and everyone knows that the Battler takes the best care of himself and he can take a world of punishment without flinching. The Mexican is credited with having a week stomach, which, if true, will work to his disadventage, for Nelson does love to go after an opponent in the breadbasket. Parker, Ida., May 21.—The early part of this month was marked by extremely hot weather and the ground became quite dry. This was succeeded by a rain which gave promise of germinating all the seeds which had to be sown shallow, this, however, was followed by three cold windy days and two freezing nights. Tuesday night ice formed to the thickness of three-eights of an inch. Fears were entertained that some of the younger beets were ruined. Later investigations, however, have proven that slight damage has been sustained. There is every prospect of high water this summer, which means prosperous times for the farmer. PEACE AT LAST.

Western Turf Situation Calms Down And War is Put Aside for Keeps.

And War is Put Aside for Keeps.

Cincinnati, May 23.—Peace has been practically restored on the western turf, according to a story published here today. Congressman Joseph L. Rhineck, representing the American Turf association, and Louis Cella, the main supporter of the Western Jockey club, signed a compact which ends the fight. With C. A. Tilles, Harvey Myers and Judge Bond of St. Louis as witnesses, Rhineck and Cella signed the peace compact last Saturday. It calls for no clash of interests where they are concerned.

This means that there will be no clash between Louisville and Douglas Park and between Louisville and Douglas Park and between Louisville and Douglas Park and between Louisville and the Crescent City Jockey club in New Orleans next winter. The dates will be so arranged that both tracks will race alternately. The Douglas park meeting will probably follow that at Latonia.

The outlaw rule is also wiped out and horsemen can race at either track. Latonia's meeting will be run independently of the American and Western Jockey clubs. No one will be barred except those who have been suspended or ruled off by their organization. It will not be long before a new organization will be formed to control racing in the west.

The American Turf association came into existence through the refusal of the

be long before a new organization will be formed to control racing in the west.

The American Turf association came into existence through the refusal of the Western Jockey club to grant City park racing dates. Mr. Corrigan and Congressman Rhineck were behind City park and the American Turf association was organized to fight the Western Jockey club. It has been a long fight and in consequence racing in Illinois and Missouri has been discontinued.

HUNTING SCARCE ON JORDAN MARSH

Shotgun Experts Meet to Limit Club Privileges of River Grounds.

LIFE MEMBERSHIP GRANTED.

Harry Margetts Honored by Fellow Hunters in Recognition of Good Work in Upbuilding of Club.

Important changes in the hunting privlleges at the mouth of the Jordan river were made at a meeting of the New State Gun club last night. The members controt one of the largest hunting preserves in the state, and through flooding the low areas on both sides of the Jordan have recuredideal breeding grounds for ducks. A turnpike leads down to the clubhouse and telephonic communication has been established with Salt Lake.

,ts the club has grown the privilege of Less the club has grown the privilege of belonging to it has increased in value, and now it is about as exclusive a membership as there is in this part of the country. Eighty shares have been on the market at \$100 par value, but sales have been recorded up to \$500 a share and selden go now for under \$200. The reason is that everybody who has a share clings to it for keeps as he knows his chances henceforth and for a long time, to get any duck shooting, that is duck shooting, depend on his holding to his share, with its marsh and river privileges.

HUNTING IS RARE Shotgun opportunities in Salt Lake and vicinity have grown a great deal different in the past few years from what they were before. In this time gun clubs hat a pre-empted almost every bit of open water, and the state law has been made so stringent that shooting has become a rare privilege.

stringent that shooting has become a rare privilege.

The mouth of the river presented the lest natural field, and the more particular humans flocked here, built stables, a clabbonse, drave a flowing well, and filed on a fract of land. Forty members shared the burden of this expense. Later more ground was bought, and the shares were increased to ky at \$100 each, to cover the improvements. Twenty shares of this stock remained in the treasury, as it was not found necessary to sell it to carry through the improvements. Last night, in order to prevent the increase in the size of the shooting membership, these 20 shares were abolished, and the stock reduced to 80 shares, not more than two of which can be owned by any one person.

LIFE MEMBERSHIP. LIFE MEMBERSHIP.

Lesides reducing the number of shares, the club last night voted to restrict the powers of the officers in disposing of club property, making it necessary to get a raguerity vote on matters of this kind. Heavy Margetts, a long time president of the club, and one of its most loyal memiers from the start, was last night treated to a big surprise. He was handed a life nembership without dues, the same to be honorary, but to carry all club priliveges. It was to show the club's appreciation of the long service of Mr. Margetts for the upbuilding of the club, that this action was taken.

Logan Excursionists Accompanied by Many Rooters in Full Regalia. Word comes from Logan that a surprise is in store for local track rooters, as the town is going to back up the Logan team, and will come in force, with a big brass band. The success of Logan in receni meets leads its supporters to encourage the team in the hope of pulling down a good looking bunch of scores at the state track meet Saturday. The excursion will leave Logan early Saturday and arrive here about noon.

CELEBRATE VICTORY.

Members of the socker football team, which recently won the Daynes challenge trophy, will meet Friday evening at the home of W. R. Service on Eighth street to celebrate the event, FOR A DRIVEWAY Automobile Owners Threaten to Join Club and work Together.

To talk over an automobile speed-way To talk over an automobile speed-way to Saltair and back, the automobile owners of the city have been called together for a meeting tonight. The present automobile club is not sufficiently "nervous" to handle the situation, as it has not been overly aggressive this year, owing to the poor support given by many of the owners. An effort will be made tonight to enroll every owner and make the club

powerful enough to get a hearing on its powerful enough to get a hearing on its propositions.

If the speed-way goes through, it will be one of the finest additions that could be made to Salt Lake to make it beautiful and to load a metropolitan air to its pleasure seeking. Needless to say the country would be rowded through the summer, and would be very attractive to tourists.

MILL CREEK DEFEATED.

The recent basketball deft sent out from Milli Creek too all takers in Sait Lake country, brought a loaded answer from the Lowell team. It met Mill Creek yesterday afternoon, and trimmed them by a score of 25 to 6, and alleged in addition that it played the referee as well as the opposing team. This it would seem puts a final quietus on the question of championship aspirations out in the east bench school.

STILL A GREAT WALKER.

Edward Payson Weston Breaks Record of Quarter of a Century Ago. New York, May 21.—Edward Payson Weston, the old pedestrian, now 58 years of age, reached the city hall in this city at 11.35 tonight, having walked from the city hall. Philadelphia in 23 hours and 30 minutes, a distance of 52 miles—thus beating his own record made a quarter of a century age.

Weston will be remembered as the winner of the Asticy Belt and one of the most noted pedestrians of his day. Weston left the city hall in Philadelphia at 12.05 this morning.
